

Linked

We are a production agency that guarantees its customers the exact and consistent presentation of their brand – comprehensively and worldwide. We link brands and consumers – directly at the key point in the brand process – at the point of sale.

For our agency Linked2Brands Germany based in Kippenheim we are looking for a full time support at the earliest possible date.

ARTWORK PROJECT MANAGER CLIENT SERVICE M/F/D

Your Function

You are an experienced packaging prepress expert delivering exceptional client services for well-known FMCG customers and their comprehensive brand portfolio and its packaging. As client interface, you are responsible for managing the entire design2print process. In this role, you ensure requirements of brand and print are met at all stages. You are the communication interface between brand clients, design agencies, our in-house studios as well as print suppliers.

Your Skills

With 3+ years of experience in a packaging agency and good experience with Adobe CC (Illustrator, Photoshop) as well as major Microsoft Office applications you complete our team of D2P experts. A strong understanding of the print world, CMYK and Pantone, is essential, as well as English communication and project management skills.

A European work permit is already on hand.

We look forward to receiving your CV via email.
